IMO TALENT INDUSTRIAL TRAINING (ITIT)

INTRODUCTION

Today, States and Nations are in desperate need of Talents in different fields who will use their creative abilities with solution ideas to create products that will bring solutions to Human and Economic problems,

IMO TALENT INDUSTRIAL TRAINING (ITIT) is a special Talent Apprenticeship and Industrial Training professionally designed for Industrial Training of Talents in Imo State.

ITIT is created to Discover, Develop and Empower Talents from different fields with the required knowledge on how to use our natural resources to produce quality solution goods and services that will transform the Human and Economic System of Imo State

• ITIT VISION

To build Talents that will build the Human and Economic System of IMO State

• ITIT MISSION

To Train and Empower Talents that will Industrialize IMO State

• ITIT OBJECTIVES

1. To build effective Talent Discovery and Development Structure that will build productive Human and Economic System of Imo State
2. To Discover, Develop and Empower 1000 Talents that will become producers of quality solution goods and services in different fields in Imo State.

3 MONTHS DETAIL STRUCTURAL PROGRAM OF IMO TALENT INDUSTRIAL TRAINING (ITIT)

FIRST MONTH OF ITIT

PRACTICAL TALENT DISCOVERY, DEVELOPMENT APPRENTICESHIP WORKSHOP

Do you know that everyone has Talent ?

Talent is man's inherent creative ability from God - his source - that enables man to do excellent unique works naturally in any field of endeavor. It is inborn, meaning that it cannot be acquired but can only be discovered and developed for productive use.

Talent is so powerful that when it is discovered, developed and put to use, it turns ideas and imaginations into products of goods and services for global use. Everything the world is using today are all products of people who discovered their talents and took personal responsibility to develop and use them. What Imo State and Nigeria are facing today are problems that are calling for solutions from Talents across our land. Sadly majority of the population have not discovered their Talents and those that have discovered their Talents do not know how to productively use them. For this cause is IMO TALENT INDUSTRIAL TRAINING (ITIT) created to transform Talents that will take responsibility to create solution products and lead Industrial companies to develop the economic system of the IMO State and Nigeria

IMO and other States in Nigeria are in desperate need of effective Talent discovery, development and empowerment system to build productive Talent structure in different fields that will be a solution to human and economic crisis we are facing today.

IMO TALENT INDUSTRIAL TRAINING (ITIT) was founded by TALENT AID ACADEMY to help the people of IMO State to individually discover their unique Talent, develop and use it to transform the economic state of the people and the land.

This first month PRACTICAL TALENT DISCOVERY, DEVELOPMENT AND APPRENTICESHIP WORKSHOP is the sure foundation for authentic discovery and development of every Talent. In this Talent Industrial Training every Participating Talent passes through ITIT Talent Discovery Test to uncover their individual authentic Talents for practical development and empowerment

The following outlined subjects are professionally and practically applied to effectively discover Talents and transform them into a solution in their different fields:

1. DISCOVERING YOUR TALENT (TDDA 101)
2. CREATIVE THINKING (TDDA 102)
3. THE PURPOSE AND POWER OF TALENT (TDDA 103)
4. DISCOVERING VISION (TDD 104)
